UNDER THE LIGHTS

There are many things that make up "student life" at R.F.A.: friends, hard working students, helpful teachers, laughs, music, school spirit, and lots of fun. R.F.A. is not only a place to learn facts and figures, but also a place to make long lasting friendships! After we have all forgotten our important dates and math formulas, we will remember our old school friends. Our friends are the people with whom we can stay up with all night. If we're feeling down they'll cheer us up. Friends stick together through thick and thin and through good and bad.

The school year of 1993-94 was a special year for all of us. For seniors, it marks the end of their high school years and sends them off in their separate ways. As they go off into the world they will keep in touch with their friends after graduation. For juniors, this year was another year of good times with friends. Also, it was a year of hard work with only one short year left. Finally; for the sophomores, it was a year of new experiences in a new school with their new and old friends. For them, it is only the beginning of their wonderful years at R.F.A.

"FLY-BY '94"

On November 10, 1993, the Class of '94 showed their spirit by gathering together on the new turf for the "Fly-By '94." This original display of class unity coincides with the Class of 1994 being the first to graduate in the new stadium. The "Fly-By '94" was made possible by: Ms. Vogt, Mrs. Nardslico, and our vice principal, Mr. Puleo. With the efforts of Craig Evans, Luana Davis, Farrah Stewart, Kim Herrig, Kim Leighton, Kathleen Palinski, David Pfeuffer, Abbie Gambrell, Chris Pristera, Patty Costello, Marie Commisso, Sean Diehl, and Andy Fanfarillo, "Fly-By '94" was made a major success. We get around: Pablo Arroyo of Spain, Nina Karimi of Germany, Belen Gutierrez-Manchon of Spain, and Carina Dannowski of Germany just chillin' while staying in Rome as foreign exchange students.

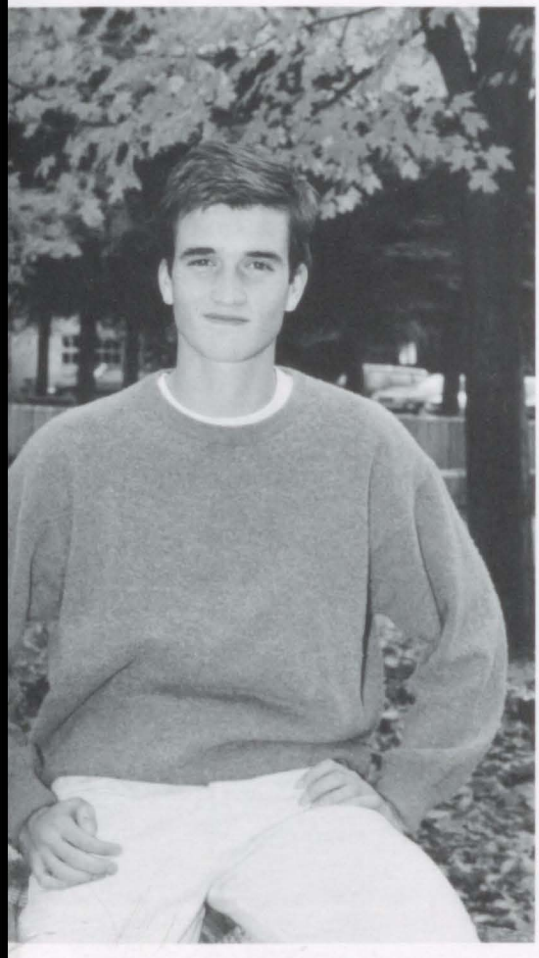
Pablo Arroyo-Spain: Pablo likes Rome, the people, and the sports. He feels it's a lot different than Spain. He likes R.F.A. because it's big, and there are very nice people. It's different back home. There are more subjects, they stay in the same class all day and they don't have lockers. In his leisure time, he listens to music, watches television, reads, and spends time with his family. While here, he went to football games, parties, movies, restaurants, and had a lot of fun in soccer.

LIGHTS AROUND THE WORLD



Carina Dannowski-Germany: (Center) Carina says Rome is the total opposite of Germany. She says her home city is much bigger and easier to get around. Her school back home is big, and similar to ours. She thinks the schooling is easier in Germany. Back home, she went to clubs, movies, and went on biking trips with friends. Here, she would like to start fitness training and take dance class. She has had a lot of fun while here in Rome.

Nina Karimi-Germany: Nina likes it here in Rome, and finds it very different than back home. She likes R.F.A., and says her school back home is much more strict. In Germany, school goes up to grade thirteen. When she goes out in Germany, it's to clubs at about eleven or twelve in the evening, and doesn't get home until about six or seven in the morning. Here, she goes out to the movies or shopping with friends. She also takes jazz and ballet. She says it's hard to get around to do anything here without a car. In Germany, they have buses and subways.

Belen Gutierrez-Manchon-Spain: Belen really enjoys it here. She says it's a lot different than Spain, and the people are very nice to her here. She says the schooling is harder in Spain, and the teachers are friendlier here. While here, she went out with friends or wrote letters. Back home, she went out with friends, went on trips camping and walking in the mountains.

ATHLETIC TRAINER

Athletics are a very competitive program at Rome Free Academy. It ranges from a legendary Football team to a boys Volleyball team that went from the bottom to the top within a years time. One of the main reasons that RFA athletes are so competitive is because they are cared for by trainer Kelly McAlee. Kelly is a blessing to those athletes with a minor sprain or a muscle pull. They are often able to return to their competition with a very short period of time, with full strength and capability. Kelly is not only great at fixing the physical wounds, but helps the athlete keep a positive attitude while they are out. Kelly is always in the training room after school, during the weekends, and even during vacations. Without her, RFA would not have so many champions. Thank You Kelly!!

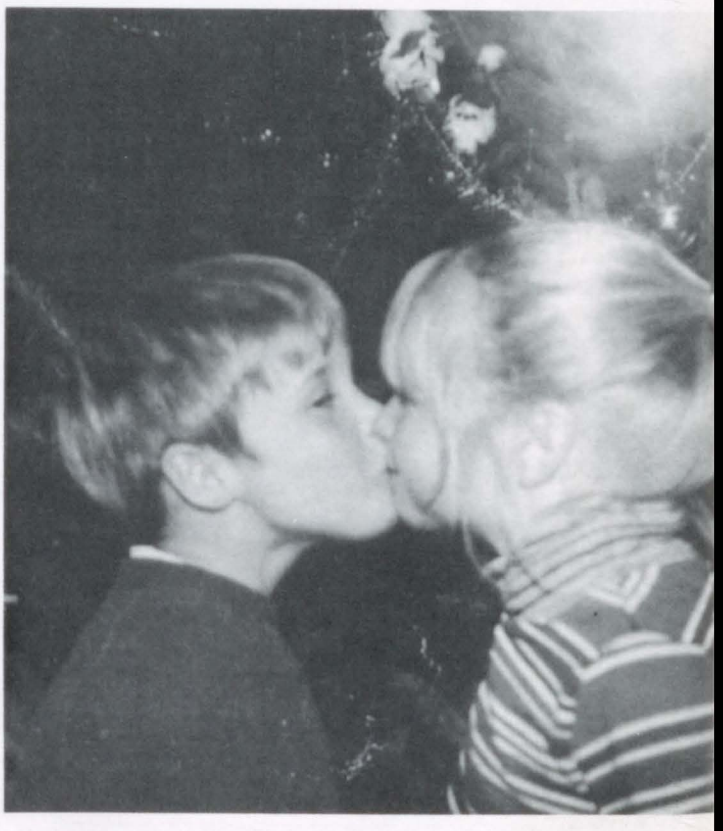
COMMUNITY INTERACTION

PLANNING ACTIVITIES. Mayor Griffo encouraging youth participation in the community with Nicole Matt, Teisha Stovall, Mayor Griffo, James Willey, Willie Nolan, and Kathy Contino Turner.

This school year, R.F.A. had an exchange student of a different kind. Yuka Ogura was not a sponsored exchange student, but she moved here to stay with relatives and to experience an American school. Yuka is from Osaka, Japan. She said that R.F.A. was easier and less formal than Japanese high schools. The major differences between the two are that in Japan, teachers change rooms while the students remain in one room all day and they are also required to wear uniforms. In Japan, Yuka and her friends go to the local cafe or do kareoke.



CHILDHOOD FRIENDSHIP. Shauna McDonald and her friend Erik Salminen from Caribou, Maine where Shauna used to live.

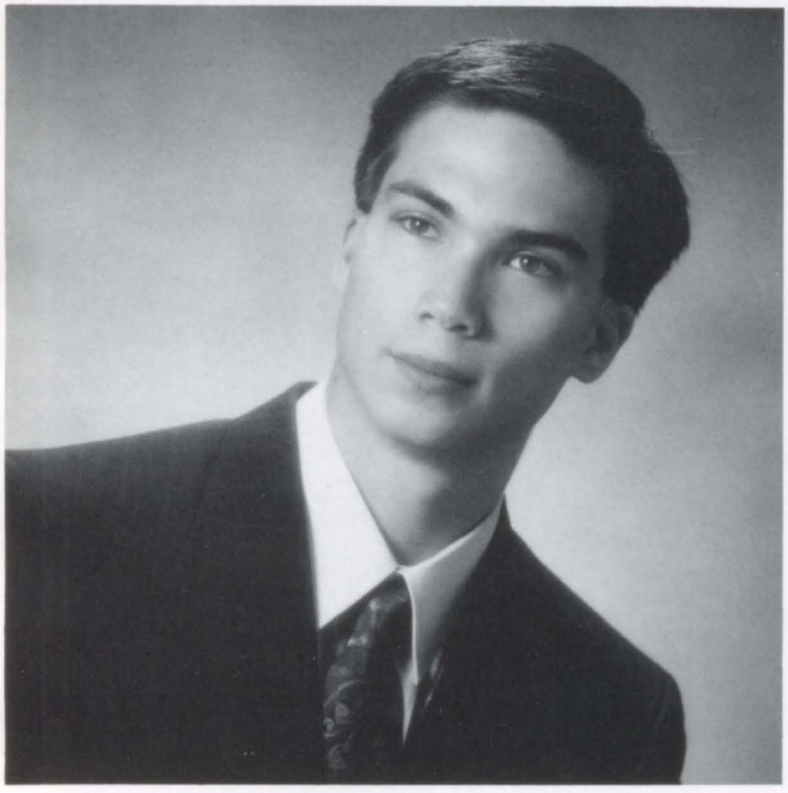
LEARNING THE FACTS.

ANXIOUSLY WAITING. Todd Schober, Trisha Sears, Rob Scott, Amy Small, and Sara Bartell in the auditorium waiting for the presentation to begin.

Sherrie Vassallo, Shanin Watson, Erica Virtuoso, and Katrina Westcott.

DYNAMIC. Christine Fix giving her presentation on the HIV virus and AIDS.

VALEDICTORIAN



Ronald A. Anderson

Ron Anderson is the valedictorian for the Class of 1994. He is the son of Marc and Kong Sun Anderson.

He is the Senior Class Treasurer and a member of STASS. He also holds a cabinet position in the National Honor Society. Ron is on the Varsity Football Team and the Varsity Track Team.

Ron plans on attending the United States Air Force Academy where he will be majoring in engineering.

SALUTATORIAN

Andrea Mazzacua is the salutatorian for the Class of 1994. She is the daughter of Mr. and Mrs. Anthony and Theresa Mazzacua.

She is a member of Strolling Strings, a McGruff Puppeter, and an incense-bearer for the St. Paul's Church.

Andrea plans on attending the University of Delaware, Dartmouth, or the University of Pittsburgh where she plans to study pediatric oncology.
